
PROFILE

Experienced licensed Professional Civil Engineer with over seven years of experience in project management, civil-site design, and stormwater management. Proven track record of ensuring multi-million-dollar projects are completed on-time and under-budget. Detail orientated and always looking for innovative solutions to complex problems. Adept in managing large teams to project success.

EMPLOYMENT HISTORY

Feb 2021 – Present	Project Manager, Burns & McDonnell	Richmond, VA
	Project Manager for Dominion Energy in Richmond Virginia. Manages 40+ electric transmission infrastructure and oil containment improvement projects. Daily tasks include coordination with engineering, permitting, real estate, local municipalities, communications, and construction to ensure the projects are on-time and under-budget.	
Jan 2018 – Feb 2021	Staff Civil Engineer, Burns & McDonnell	Richmond, VA
	Staff Civil Engineer in the Environmental Services Global Practice. Supported several Global Practices in multiple regional offices, working on civil site layout and design. Served as the lead civil engineer on multiple large-scale solar projects throughout the country, working in close coordination with Burns & McDonnell India. Supported multiple security improvement projects at substations in the Virginia area. The security improvement projects included erosion and sediment control design, site layout, grading, stormwater management, and construction coordination.	
Jun 2015 – Dec 2017	Assistant Civil Engineer, Burns & McDonnell	Kansas City, MO
	Assistant Civil Engineer in the Water Global Practice in Kansas City, Missouri. Assisted in a variety of projects supporting multiple clients. The projects included flood plain and no-rise analysis, base-flood elevation determination, detailed site layout and design, mass grading, and maintenance projects. Specialized in stormwater management analysis, evaluation, and control.	

EXTRA-CURRICULAR ACTIVITIES

Sep 2018 – Present	Civil PE Testing Services, Self-Employed
	After passing the Professional Civil Engineers Exam in 2018, published a Civil PE Practice Exam and Guidebook to aid fellow test-takers in their studies. Currently developing a subscription-based website with a practice portal as an additional study tool.
Sep 2021 – Present	Private Pilot, Aviation Ally, Self-Employed
	With a passion for aviation, adventure, and learning, began training for a Private Pilot's license in September 2021 and obtained licensure in March 2022. Following completing the pilot's license, wrote a book on how to become a private pilot to encourage others get into general aviation and understand what to expect in the process.
